NOVITÁ 2024

NOVELTIES 2024

Siamo un'azienda innovativa che produce esclusivamente rubinetti di alta gamma per bagno e cucina in **Acciaio Inox AISI316L**. Grazie alla decennale esperienza nel settore, uniamo un'accurata ricerca tecnologica ad un design di prodotto fortemente caratterizzante.

*We are an innovative company which exclusively manufactures high-end **AISI316L stainless steel** faucets for bathroom and kitchen. Thanks to our long experience in the industry, we combine attentive technological research with a very distinctive product design.*

Materiale Material

Per la realizzazione dei nostri prodotti utilizziamo esclusivamente **acciaio inox AISI316L**, un materiale che presenta caratteristiche tecniche ed estetiche rilevanti, tra cui **durabilità, resistenza alla corrosione** e al **calore**. L'acciaio è un materiale biologicamente neutro, **igienico, atossico, antibatterico, ecologico, riciclabile e di facile pulizia**. A ciò si aggiunge la notevole **valenza estetica**, ottenuta dalle diverse finiture realizzabili in superficie.

*To manufacture our products, we use **AISI316L stainless steel** only. This material offers countless important technical and aesthetic features, among them **durability** and **high resistance to corrosion and heat**. Stainless steel is biologically pure, neutral, **hygienic, non-toxic, anti-bacterial, environment friendly, recyclable** and **easy to clean**. From an **aesthetic point of view**, steel offers the possibility of several different surface-finishes.*

Design Design

Da sempre poniamo grande attenzione allo **stile** e all' **eleganza dei nostri prodotti**. Il nostro design valorizza gli aspetti tecnici e funzionali del prodotto, rendendolo inossidabile al passare del tempo. Il nostro team di Ricerca e Sviluppo segue costantemente **linee guida ben precise**, collaborando con rinomati designer e architetti per la realizzazione di collezioni esclusive.

*Since ever we pay great attention to the **style and elegance of our products**. Our design enhances the technical and functional aspects of the product, making it durable beyond trends. Our in - house Research and Development team follows **very specific guidelines** and collaborate with renowned designers and architects to realize exclusive collections.*

Designed by
Piet Billekens

Poniamo grande attenzione ai dettagli così come alla cura del prodotto.

We pay great attention to details as well as the product care.

Manutenzione

Maintenance

Per la cura e la pulizia si consiglia di utilizzare un **detergente neutro** e di **risciacquarlo con abbondante acqua**. Al termine dell'operazione **asciugare il prodotto con un panno morbido** per evitare il deposito di residui calcarei.

Evitare l'utilizzo dei seguenti prodotti:

- prodotti igienizzanti come candeggina, ossidi di etilene, cloruri e tensioattivi non ionici;
- detergenti a base di acido clorico, fluoridrico, fosforico e muriatico;
- pagliette e spazzole metalliche, detergenti abrasivi o in polvere.

*For the care and cleaning we recommend using a **neutral cleaning product** and **rinsing well with water**. When done, **dry with a soft cloth** to avoid deposit of limescale residues.*

Avoid the use of the following cleaning products:

- *sanitizing products such as, for example, bleach, ethylene oxide, chloride, and non-ionic surfactants;*
- *products containing chloric, hydrofluoric, phosphoric, and muriatic acid;*
- *scouring pads, metal brushes, powder abrasive detergents.*
